Artiva RM Enhancements | Save Time & Money with New Features

October 26, 2023 | 2 p.m. ET / 11 a.m. PT

Are you looking to save time, lower costs, increase efficiency and minimize risk? With Finvi's latest Artiva RM release, you can do all of this, and more! Several new features have been added that significantly enhance our payments solution with superior automation and reporting.

In this live, free webinar, Dan Ward, Finvi's Vice President of Payments Commercialization, along with Josh Shirey, Solutions Consultant Manager, will walk you through some of the highlights of Artiva RM release 2023.1.0.

Payments Enhancements
Don't miss this opportunity to learn how Finvi's native payments platform provides one-of-a-kind automation with your Artiva RM solution that will:

- Make manual reversals obsolete
- Automatically update outdated card information
- Provide enhanced payment reporting to minimize reconciliation headaches

Want to take advantage of this enhancement before the webinar? Reach out to your Artiva RM support team or client success manager.
